# Virtuous Business

Seminar

If you would like to learn the best practices for doing this in a way that's consistent with your values, then you've got to attend the Virtuous Business Seminar.

This seminar, designed for small and medium sized business owners and their leadership teams, provides hands on training, and teaches management techniques that are not just consistent with, but derived from Judeo-Christian values.

After the seminar enjoy a dinner featuring speaker Wall Street leader Steve Auth.
